### Child Protection

1. At 31 March 2008, there were 2,071 children on child protection registers in Northern Ireland, an increase of 15% (266) from 2007 (1,805)
2. Of the 2,071 children on child protection registers:
  - a. 52% were boys and 48% were girls;
  - b. 8% were aged under 1 year old, and 7% were aged 16 years or older;
  - c. Neglect was the most common category of abuse, with 49% assessed to be at risk of neglect,
  - d. 58% had been registered for less than one year, with 6% registered for 3 years or longer
3. There were 3,071 referrals during 2007/08, 42% from within social services
4. Of the 2,306 investigations in 2007/08, 83% were lead by social workers
5. There were 1,497 additions to registers (registrations), with 1,230 de-registrations during 2007/08
6. 82% of the 1,782 initial case conferences led to registration on child protection registers

### Children in Need

1. During 2007/08, there were 28,088 referrals to children's social services; these referrals related to 21,109 children
2. By 31 March 2008, 66% of children referred to social services had been allocated for further action (service or assessment)

**A NATIONAL STATISTICS PUBLICATION**

### Additional Information

Additional information and information on Adult Social Care are available at:

[http://www.dhsspsni.gov.uk/index/stats\\_research/stats-cib/stats-cib\\_pubs](http://www.dhsspsni.gov.uk/index/stats_research/stats-cib/stats-cib_pubs)

### Children Looked After

1. At 31 March 2008, there were 2,433 looked after children in Northern Ireland, an increase of 3% (77) from 2007 (2,356)
2. Of the 2,433 looked after children:
  - a. 52% were boys and 48% were girls
  - b. 2% were aged under 1 year old, and 21% were aged 16 years or older
  - c. 57% were in foster care, 26% were placed with family, 13% were in residential care and 5% were in other placement types
  - d. 45% were subject of a Care Order (Article 50 or 59)
  - e. 23% had been in care for less than one year, and 11% had been in care for 10 years or longer
3. During 2007/08, there were 989 admissions into care
4. There were 909 discharges from care during 2007/08
5. In 2007/08, there were 834 respite care placements

## **Children (Northern Ireland) Order 1995**

The Children (Northern Ireland) Order was made on 15 March 1995. The Order deals with the care, upbringing and protection of children, including disabled children. It reforms, consolidates and harmonises most of the public and private law relating to children in a single coherent statutory framework along the lines of the Children Act 1989 in England and Wales.

The information in this report helps in monitoring the operation of the Children Order.

### **Child**

Under the Children (Northern Ireland) Order a child is defined as a person under the age of 18.

## **Children on the Child Protection Register**

### **Child Protection Register**

A register must be maintained by each Trust listing every child in the Trust area who has been abused or who is considered to be at risk of abuse, and who is currently the subject of a child protection plan.

### **Registration**

Placement of a child on to the Child Protection Register. Where a child has moved on or off the Register several times during the year each registration is recorded.

### **Deregistration**

Removal of a child from the Child Protection Register. Where a child has moved on or off the Register several times during the year each deregistration is recorded.

### **Re-registration**

Placement on to the Child Protection Register of a child who has already been on the register, irrespective of the date of their first registration on the Register.

### **Child Protection Referrals**

Child protection referrals are those referrals for which the initial assessment indicates that there may be child protection issues.

The threshold for action should be the allegation or suspicion of child abuse. However the balance needs to be struck between taking action designed to protect the child from abuse while at the same time avoiding unnecessary intervention. Except in emergency situations or urgent cases when immediate protective action is required, referrals will require preliminary discussion with other professionals from the child protection agencies and with the referrer. In some cases it will be necessary to seek specialist opinion.

In some cases action other than a formal investigation will be decided upon following the consultation process. This might include the provision of support for the family. Such a decision should be discussed and agreed with a social worker in consultation with the team leader or supervisor; and recorded and communicated to senior management.

The definition is not taken to mean all referrals, as some may require action such as advice or family support rather than child protection procedures.

### **Investigation**

The purpose of an investigation is to establish whether a Trust should make an application for a court order or exercise any of its other powers, for example the provision of services under Part IV of the Children Order.

### **Category of Abuse for Registration**

The category of abuse under which a child is registered will have been decided upon at the child protection conference, when agreement was reached that registration was necessary. If a child suffers multiple abuse, this should be recorded against the main category of abuse. The abuse may be potential, suspected or confirmed, although the terms 'actual' or 'likely' occur. Potential and suspected equate with 'likely' and confirmed with 'actual'. The categories are:

1. Neglect, Physical Abuse and Sexual Abuse

2. Main category - neglect

3. Main category - physical abuse

4. Main category - sexual abuse

5. Neglect and Physical Abuse

6. Main category - neglect

7. Main category - physical abuse

8. Neglect and Sexual Abuse

9. Main category - neglect

10. Main category - sexual abuse

11. Physical and Sexual Abuse

12. Main category - physical abuse

13. Main category - sexual abuse

14. Neglect (only)

15. Physical Abuse (only)

16. Sexual Abuse (only)

17. Emotional Abuse (only)

## **Neglect**

The actual or likely persistent or severe neglect of a child, or the failure to protect a child from exposure to any kind of danger, including cold or starvation, or persistent failure to carry out important aspects of care, resulting in significant impairment of the child's health or development, including non-organic failure to thrive.

## **Physical Abuse**

Actual or likely deliberate physical injury to a child, or wilful or neglectful failure to prevent physical injury or suffering to a child including deliberate poisoning, suffocation or Munchausen syndrome by proxy.

## **Sexual Abuse**

Actual or likely sexual exploitation of a child or adolescent. The child may be dependent and/or developmentally immature.

## **Emotional Abuse**

Actual or likely persistent or severe emotional ill-treatment or rejection resulting in severe adverse effects on the emotional, physical and/or behavioural development of a child. All abuse involves some emotional ill-treatment. This category should be used where it is the main or only form of abuse.

## **Legal Status**

The legal framework for compulsory intervention in the care and upbringing of children. If more than one legal status is indicated or in force for the child at 31 March, the latest one only is recorded.

## ***Children in Need***

## **Referral**

A referral of a child to Social Services, regardless of source of referral. A child may be referred several times over the course of a year.

## **Episode of Care**

An episode of involvement of a child with Social Services. There may be several episodes of involvement over a year or, alternatively, an episode may span more than one year. Where an episode of involvement commences in one year and closes in another, it is counted in the year in which the case opened.

## **Current Status of Children Referred**

The status at 31 March of children referred during the year.

## **Inappropriate Referral**

An inappropriate childcare referral to Social Services, referred back to referral source.

**No further action required**

Not required to allocate for full assessment of need due to the query being dealt with at referral stage, e.g. advice on social security, health and social services etc.

**No further action taken**

Unable to meet needs of the client referred, perhaps due to lack of skilled resources to deal with the case. Unmet need may be recorded. Referred back to referral source with advice on outcome of initial assessment of referral.

**Allocation for service/assessment**

Upon initial assessment of referral, allocated to social services professional/team to carry out full assessment of need for client or for provision of a service.

**Other**

Cases which are not allocated to one of the above categories, including cases awaiting a decision (pending cases).

**Initial Assessment**

An assessment made soon after referral to determine the type of need, if any, and how best this need may be met.

**Children in Need Categories**

A child is considered to be in need if he/she falls into at least one of the following Children in Need categories.

**Child subject to Child Protection investigation**

Children will not normally be subject to a child protection investigation at the initial referral. However, this category should be recorded when the referral indicates child protection investigation is required and if/when this is confirmed by the initial assessment. Children will cease to be “in need” under this definition when the child protection investigation is complete. They may, however, continue to be “children in need” under any other of the definitional headings.

**Child with a disability who may require social work service**

Children with a disability are defined as those children who meet the definition agreed by the working group on children with a disability. To be accepted as a child in need the child must meet the disability definition and be likely to require social care services. Some children with disability will have their needs met by medical, educational, family and social networks not requiring social care services involvement. The need for social care services will be established only after a full assessment.

**Child for whom no one is exercising parental responsibility**

This definition applies to children abandoned, or “out of home” on what initially appears to be a long-term basis i.e. there is no obvious individual or family who can immediately provide “parental” responsibility. After assessment the family may be able to offer appropriate care and the child would no longer be in need.

### **Child for whom the carer is temporarily unable to offer care for whatever reason**

This definition applies to children who are normally well cared for by their carer(s) but the carer(s) is/are temporarily unable to exercise that care through illness, or unavoidable absence. In these cases there is no question over the carers normally discharging their responsibility.

### **A child whose carers require support and assistance in order that they might provide a reasonable standard of care**

Many referrals illustrate a deficit in care but not sufficient to expose the child to risk of significant harm. In these circumstances the child's needs for improved parenting can be achieved by offering the child and family support, for example, day care provision for a child under five whose carer is suffering mental health problems.

### **A child who is likely to experience significant emotional, physical or development impairment as a result of family breakdown without the provision of social care services**

The level of breakdown of families is high but can be achieved in amicable separations without significant emotional, physical or development impairment to the child. If this is so the child is not in need. This category should only be used where:

- impairment can be predicted and
- is causally linked with the family breakdown and
- can be shown to be reduced by social care services

### **A child whose well-being is significantly prejudiced as a result of their behavioural, emotional, psychiatric or psychological disturbance, and may require social care services**

This definition involves children whose well-being is damaged by their behavioural, emotional, psychiatric and psychological disturbance and could include drug and alcohol use, neurotic and psychotic conditions as well as emotional and behavioural problems such as "challenging behaviour" or "self harm". However, these conditions are qualified by having to be of such severity as to "significantly prejudice the well-being of the child" thus recreational use of alcohol by older adolescents may be excluded. The need for social care services will have to be established by an assessment.

### **A child for whom their offending and its consequences are a significant feature of their life**

Not all offenders will be "children in need" for the purposes of this definition. The nature of their offending (e.g. frequency, severity) and its consequences (e.g. response of the criminal justice system, impact upon the victim or community) should be a significant feature of their life.

### **A child whose welfare is, or is likely to be, significantly prejudiced as a result of homelessness**

Families experiencing "homelessness" are the responsibility of the Housing Executive; however, a young person may be homeless and their welfare at risk. Such children will be in need.

### **A child ceasing to be looked after by a Trust**

A child requiring Social Services support due to ceasing to be looked after by the Trust.

### **A child with caring duties which are significantly impairing or distorting their normal health, social or intellectual development**

This category requires an assessment be made as to whether performing the duty “impairs or distorts the child’s normal development”. Thus the burden of daily care may involve activities appropriate to the age of the child but distort the child’s opportunity for normal age related education and leisure.

#### **Request for financial assistance for a specific child in need**

The request for financial assistance is relevant where such assistance assists, safeguards or promotes the well-being of a specific child who by definition without such assistance would be in need, e.g. financial assistance to a day care placement.

#### **Request for financial assistance for children in a family**

In many instances the financial assistance is to a family rather than a specific child, e.g. emergency payment to ensure food or warmth. In such circumstances the family should be counted as one referral, but a note made of how many children are in the family and receiving assistance, since all such children will be deemed as in need.

#### **Initial Assessment**

An assessment made soon after referral to determine the type of need, if any, and how best this need may be met.

#### **Religion**

##### **Roman Catholic**

Refers to all of the Roman Catholic faith.

##### **Presbyterian**

Refers to all stating their denomination to be Presbyterian. Include here also Church of Scotland but exclude all other groupings with ‘Presbyterian’ in their title, e.g. Free Presbyterian, Non-subscribing Presbyterian, etc. These groups are recorded under ‘Other denominations’.

##### **Church of Ireland**

Refers to all stating their denomination to be Church of Ireland.

##### **Methodist**

Refers to all stating their denomination to be Methodist.

##### **Other Denominations**

Refers to all other Christian and non-Christian denominations and faiths.

##### **None**

Refers to those with no religious persuasion.

##### **Refused/Unknown**

Refers to those who refuse to give details of their religious affiliation or whose religious affiliation cannot be established.

**Ethnic Group****White**

Refers to all white or olive skinned people from Europe, North Africa, Middle East, the Americas and Australasia.

**Chinese**

Refers to all those belonging to the Chinese ethnic group, originating from mainland China, Hong Kong, Singapore, Taiwan and Malaysia.

**Traveller**

Refers to persons sometimes known as gypsies or itinerants but excluding New Age Travellers. The term applies to those who travel from place to place, are temporarily based on a traveller site or who are settled in permanent accommodation on a traveller site.

**Indian**

Refers to those from the Indian sub-continent, i.e. India, Pakistan and Bangladesh.

**Black**

Refers to Black Africans, Afro-Caribbeans, and African Americans.

**Others**

Refers to those other ethnic groups. Included here are those from Malaysia (other than Chinese), Vietnam, Japan, etc.

**Refused/Unknown**

Refers to those who refuse to give details of their ethnic group or whose ethnic group cannot be established.

**Children Looked After****Looked After**

A child is looked after by an Authority if he or she is in their care or if he or she is provided with accommodation for a continuous period of more than 24 hours by the authority in the exercise of its Social Services function.

**Residential Care**

Residential care refers to care which takes place in statutory, voluntary or private children's homes.

**Foster Care**

Foster care includes children fostered either with relatives or with persons who are not related to the child.

**Placed with family**

This refers to children for whom a Care Order exists and who are placed with their parents, a person who is not a parent but who has parental responsibility for the child or where a child is in care and there was a Residence Order in force with respect to him/her immediately before the Care Order was made, a person in whose favour the Residence Order was made.

## **Respite Care**

This term refers to either a series of short-term pre-planned, or ad hoc placements, where a child moves temporarily from his/her carer (i.e. foster care, residential care, family etc) in order to allow the child and/or the carer a period of respite. The move could, in ad-hoc situations, involve a change of placement (e.g. foster care to residential care) or the child could remain within the same placement type (e.g. foster care to foster care). Children could also move from a family placement to another placement type for respite care.

Where respite care is pre-planned, within the same placement (note: placement rather than placement type **must** remain constant), no single period of respite should be for a duration of more than four weeks and the total duration of the periods of respite should not exceed 90 days in any one year (to comply with Regulation 11 of the Review of Children's Cases Regulations (NI) 1996).

As a general rule of thumb, if a social worker regards the short-term placement of a child as being "for respite", either to benefit the child or the carer(s), then this should be recorded on the appropriate return.

Placement is recorded as first placement during the financial year.

## **Independent living**

Refers to any young person being looked after by an authority, who moves from his/her placement to live independently within the community before he/she is 18 years of age. Do not count changes of placement or change of legal status within care as a re-admission, or children being looked after for respite care.

## ***Appendix 2: Explanatory Notes***

**Source:** The data contained in this publication have been compiled from the annual Children Order statistical returns.

**Data Availability/Format:** Data can be supplied in spreadsheet format (Microsoft Excel) in order to aid secondary analysis. The appropriate contact point for more detailed analyses or to answer queries in relation to the data is [CIB@dhspsni.gov.uk](mailto:CIB@dhspsni.gov.uk) (Tel 028 90522960).

**Data Quality:** Children Order statistical returns are quality assured by Health and Social Care Trusts before being returned to Community Information Branch

**Confidentiality:** Small numbers have been suppressed to preserve confidentiality. Normally, this is a number less than 5, but on occasion it may be higher

# Readership Survey

**1 What do you use the Children Order Statistical Tables for?** (Please tick all that apply)

Briefing	<input type="checkbox"/>
Policy Formulation	<input type="checkbox"/>
Service Planning	<input type="checkbox"/>
General Information	<input type="checkbox"/>
Research	<input type="checkbox"/>
Other (Please Specify)	<input type="checkbox"/>
Do Not Use	<input type="checkbox"/>

**2 Were the Children Order Statistical Tables of any value to you?**

Yes	<input type="checkbox"/>
No	<input type="checkbox"/>

If 'No', please indicate why .....

.....

**3 Please indicate how useful you found each section of the Children Order Statistical Tables:** (Please tick one of the following)

	Very Useful	Useful	Little Use	No Use	Do Not Use
Children on Child Protection Register	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
