Register sizes and raw prevalence figures are as at 14 February 2007.

<sup>A</sup> As this is a new register introduced in 2006/07, the size of the register and therefore the raw prevalence per 1,000 patient figures should be treated with caution until such times as the register can be established and validated.

<sup>1</sup> For full details of which patients were to be included in each register, refer to Annex E of the Statement of Financial Entitlement 2006 (see QOF Links page).

<sup>2</sup> For QOF payment purposes, the register is always expressed out of the full patient list of practices, even though this may not reflect the target group of the indicator.
