A NATIONAL STATISTICS PUBLICATION

A National Statistics Publication

National Statistics are produced to high professional standards set out in the National Statistics Code of Practice. They undergo regular quality assurance reviews to ensure that they meet customer needs. They are produced free from any political interference.

For general enquiries about National Statistics, contact the National Statistics Public Enquiry Service

Telephone: 0845 601 3034

Minicom: 01633 812399

Email: info@statistics.gov.uk

Fax: 01633 652747

Letters: The Library, Office for National Statistics, Cardiff Road, Newport, South Wales, NP10 8XG

You can also find National Statistics on the Internet - go to www.statistics.gov.uk

Community Statistics

All information in this publication refers to the period 1st April 2006 - 31st March 2007 or position at 31st March 2007 unless stated otherwise.

A number of Children Order returns remained outstanding at the time of publication of Community Statistics 2006/07, the children's information which is usually detailed in this publication will be included in the Children Order Tables and Bulletin for 2006/07, both of which should be published in October 2007.

For further details about the statistics or additional copies of this publication, please contact;

Key Points - All Programmes of Care

- At 31 March 2007, 23,913 people were in receipt of Home Help services, with over two thirds (69%) of these people aged 75 & over.
- 6,670 people were in receipt of meals at 31 March 2007.
- 95% of people with sensory impairment (Blind, Partially Sighted, and Hard of Hearing) who had contact with providers during 2006/07 were living in the community.
- At 31 March 2007, there were 20,723 people benefiting from care management in Northern Ireland. Just over two fifths (8,419) of these were supported in their own homes.
- Between 31 March 2003 and 31 March 2007, the number of people benefiting from care management has increased by 9%, from 19,003 to 20,725 respectively.

Table 1.1: Persons Receiving a Home Help Service by Age Group ^{1, 2, 3}

Trust	Under 65	65 - 74	75 - 84	85 & Over	Not Known	All Ages
North & West Belfast	336	686	1,669	743	0	3,434
South & East Belfast	425	367	1,351	1,409	0	3,552
Ulster Community & Hosp	153	166	638	694	0	1,651
Down Lisburn	337	259	769	769	1	2,135
Causeway	191	161	434	417	2	1,205

Northern Ireland	3,985	3,307	9,127	7,490	4	23,913

¹ Information includes services provided by private contractors.

² Some individual clients who receive a home help service as part of a domiciliary care package have been excluded.

³ Some clients in receipt of home care (personal care) have been included if they cannot be separately identified.

Source: KHH2

Table 1.2: Persons Receiving a Home Help Service by Client Group ^{1, 2, 3, 4}

Trust	Mentally Ill	Learning Disability	Visually Impaired	Hearing Impaired	Other Physical Disability	Not Materially Handicapped	All Client Groups
North & West Belfast	39	26	43	12	189	3,425	3,434
South & East Belfast	80	32	46	25	243	3,126	3,552
Ulster Community & Hosp	21	7	6	8	124	1,485	1,651
Down Lisburn	9	68	107	69	229	1,686	2,135
Causeway	11	24	31	15	176	965	1,205
Homefirst	67	116	76	17	429	2,400	3,027
Armagh & Dungannon	63	58	86	118	299	1,076	1,632
Craigavon & Banbridge	84	159	86	126	229	1,173	1,857
Newry & Mourne	14	44	33	25	145	680	941
Foyle	0	37	32	22	217	1,006	1,298
Sperrin Lakeland	15	184	118	54	1,233	1,747	3,181
Northern Ireland	403	755	664	491	3,513	18,769	23,913

¹ Information includes services provided by private contractors.

² The 'All Client Groups' column may not agree with the sum of the individual categories, as some Trusts may include a person in more than one client group. As a consequence, information for particular Trusts will not equate with the home help data summed across individual client groups.

³ Some individual clients who receive a home help service as part of a domiciliary care package have been excluded.

⁴ Some clients in receipt of home care (personal care) have been included if they cannot be separately identified.

¹ Does not include information on Nursing care beds.

² Independent refers to both private and voluntary providers.

³ Residential places in Nursing homes have been included to illustrate the total residential provision in NI. As a consequence residential beds in nursing homes have been excluded from Table 1.19 to avoid double counting. The number of residential homes listed refers to premises who solely provide residential care, therefore the homes to which 'Residential places in Nursing homes' refer are identified as Dual registered homes in Table 1.19.

⁴ Information on residential accommodation in Table 1.18 of the 2005/06 publication included information on children's homes. To avoid confusion Table 1.18 above does not include information on children's homes, therefore please note when comparing with last years information. Information on children's homes can be found in Table 2.5.

¹ Mixed Activity Trusts provide both hospital and community based services. Due to the complex nature of the delivery of these services it is difficult to separate staff into either hospital or community based settings.

² Bank staff and Home helps are excluded from all staff categories. Their input to the service is difficult to measure due to the part-time and variable nature of their work. Bank staff are staff that enable Trusts to maintain service delivery by covering for staffing shortfalls and fluctuating workloads.

Key Points - Elderly Care POC

- At 31 March 2007, there were 189 residential homes for elderly people in Northern Ireland, providing 3,945 places.
- There were 15,194 elderly people in Northern Ireland benefiting from care management at 31 March 2007, over two fifths (6,444) of whom were in nursing homes.
- Over 80% (19,599) of people in receipt of a home help service were in the Elderly Care POC.

Programmes of Care

The term 'Programme of Care' has been abbreviated in the report to POC. Programmes of Care are divisions of health care, into which activity and finance data are assigned, so as to provide a common management framework. They are used to plan and monitor the health service, by allowing performance to be measured, targets set and services managed on a comparative basis. In total, there are nine Programmes of Care. However, only those referred to in this publication are shown below and the definition is restricted to cover just community activity.

Family and Child Care (POC 3)

This programme is mainly concerned with activity and resources relating to the provision of social services support for families and/or children. This includes Children Looked After; Child Protection; Child Abuse; Adoption; Fostering; Day Care; Women's Hostels/Shelters and Family Centres. This is not a definitive list of the type of support that may be offered under this programme. This programme includes community contacts by any health professional where the primary reason for the contact is because of family or child care issues.

Elderly Care (POC 4)

This programme covers all activity, and resources used, by any health professional, including all community contacts with those aged 65 and over except where the reason for the contact was because of mental illness or learning disability. All community contacts where the reason for the contact was dementia should also be included, regardless of the patient's age. However, Down's Syndrome patients who develop dementia should remain in the Learning Disability Programme of Care for any dementia related care or treatment. All physically and/or sensorily disabled patients aged 65 and over should be included as well as all work relating to homes for the elderly, including those for the Elderly Mentally Infirm. Age alone is not the determining factor in allocating patients and clients to the Elderly Care Programme of Care - community contacts are allocated by the primary reason for the contact which could result in a person aged 65 or over being allocated to the Mental Health Programme of Care if the reason for the contact was because of mental illness.

Mental Health (POC 5)

This programme covers all activity, and resources used, by any health professional, including all community contacts where the primary reason for the contact was due to mental health. If the reason for contact is that the patient has dementia, the activity should be allocated to the Elderly Care Programme of Care. However, Down's Syndrome patients who develop dementia should remain in the Learning Disability Programme of Care. All work and resources relating to residential accommodation for the Elderly Mentally Infirm should be excluded. This is included in the Elderly Care programme.

Learning Disability (POC 6)

This programme covers all activity, and resources used, by any health professional, including all community contacts where the primary reason for the contact was learning disability, regardless of age. All community contacts with Down's Syndrome patients who develop dementia, for any dementia related care or treatment should be included. All contacts in learning disability homes and units should also be included.

Programmes of Care (cont'd)

Physical and Sensory Disability (POC 7)

This programme includes all community contacts by any health professional where the primary reason for the contact is physical and/or sensory disability. All patients and clients aged 65 and over are excluded. These contacts should be allocated to the Elderly Care programme.

Health Promotion and Disease Prevention (POC 8)

This programme includes all community and GP based activity relating to health promotion and disease prevention. This includes all screening, well women/men clinics, child health surveillance, school health clinics, family planning clinics, health education and promotion clinics, vaccination and immunisation and community dental screening and prevention work.

Primary Health and Adult Community (POC 9)

This programme includes all work, except screening, carried out by General Medical Practitioners, General Dental Practitioners, General Ophthalmic Practitioners and Pharmacists. It includes contacts by any health professional with community patients aged between 16 and 64, for whom the primary reason for the contact is other than mental illness, learning disability or physical and sensory disability.

Definition of Terms Used

Average Available and Occupied Places

Average availability and occupancy should be calculated by Trusts from data collected on a daily basis. However, when this is not possible averages are calculated using weekly or monthly data and dividing by 52 or 12 respectively.

Care Packages

These are the main forms of care recommended through care management, which include the functions of assessing need, care planning, co-ordinating and reviewing services.

Face-to-Face Contact

A contact which is made by one or more health professionals with a patient or client. The contact occurs when the patient/client attends a clinic or a domiciliary visit is made to see the patient/client. The data in the tables refer to the number of people who had at least one face-to-face contact during the year and not the actual number of contacts made.

Nursing Home

A nursing home is a facility staffed by nurses 24 hours per day, which provides services for clients/patients requiring residential nursing care. Medical care continues to be the responsibility of the client/patient's GP. The premises must be owned, managed or leased by the HPSS or a health care contract must exist between the HPSS and the owners of the premises for the provision of care.

Residential Care Home

This is residential accommodation, staffed 24 hours a day, providing board and general care to residents. Such premises are provided for vulnerable persons (e.g. children, the elderly, the physically disabled and those mentally ill or with a learning disability) who require care and supervision in the circumstances where nursing care would normally be inappropriate. The premises must be owned, managed or leased by the HPSS or a health care contract must exist between the HPSS and the owners of the premises for the provision of care.

Residential Accommodation

Statutory - any home provided by the Health and Social Services Boards or Health and Social Services Trusts under the provisions of the Health and Personal Social Services (Quality, Improvement and Regulation) (NI) Order 2003.

Voluntary - any home, registered as a home for persons in need, in accordance with the Health and Personal Social Services (Quality, Improvement and Regulation) (NI) Order 2003. Voluntary organisation means any association carrying on or proposing to carry on activities otherwise than for the purpose of gain by the Association or by individuals thereof.

Private - refers to a home registered as a home for persons in need in accordance with the Health and Personal Social Services (Quality, Improvement and Regulation) (NI) Order 2003.

Dual Registered – refers to homes registered to provide both residential and nursing care.

Client Groups

Elderly - refers to persons who are aged 65 years or more and who are not included in any of the other client groups.

Physically/Sensorily Disabled - refers to persons who are substantially and permanently disabled by illness, or otherwise, including the chronically sick. This group will include the following groups: blind, partially sighted, deaf with speech, deaf without speech, hard of hearing and general classes (i.e. those whose primary handicap is neither visual nor auditory).

Blind and Partially Sighted - refers to persons who are either registered or registerable as blind or partially sighted.

Designated Mentally Ill - refers to persons who in the professional opinion of a doctor - GP or Psychiatrist - are suffering from a mental or psychiatric illness. Mental illness means a state of mind which affects a person's thinking, perceiving, emotion or judgement to the extent that he/she requires care or medical treatment in his/her own interests or in the interests of other people.

Learning Disabled - refers to persons who have a state of arrested or incomplete development of mind which includes significant impairment of intelligence and social functioning. To be included in this group a person must be on the Board's register of learning disabled people.

Without Material Handicap - refers to those people, without a physical or mental impairment or learning disability, who have not been included in other client groups.

Family and Child Care

Child

Under the Children (Northern Ireland) Order 1995 the term child is defined as 'a person under the age of eighteen'.

Child Protection Register

A register must be maintained by each Trust listing every child in the Trust who has been abused or is considered to be at risk of abuse, and who is currently the subject of a child protection plan.

Abuse Categories

Neglect - The actual or likely persistent or severe neglect of a child, or the failure to protect a child from exposure to any kind of danger, including cold and starvation, or persistent failure to carry out important aspects of care, resulting in significant impairment of the child's health or development, including non-organic failure to thrive.

Physical Abuse - Actual or likely deliberate physical injury to a child, or wilful or neglectful failure to prevent physical injury or suffering to a child including deliberate poisoning, suffocation or Munchausen syndrome by proxy.

Sexual Abuse - Actual or likely sexual exploitation of a child or adolescent. The child may be dependent and/or developmentally immature.

Emotional Abuse - Actual or likely persistent or severe emotional ill-treatment or rejection resulting in severe adverse effects on the emotional, physical and/or behavioural development of a child. All abuse involves some emotional ill-treatment. This category should be used where it is the main or only form of abuse.

Day Care Facilities

Adult Training / Social Education Centres - These are establishments mainly for people over 16 years of age with a learning disability in which social and occupational training is provided with the object of preparing those, who have the ability, to progress into workshops.

Day Centres - These are centres which have a full time organiser and where professional staff are employed. They are open five or more days each week and provide a variety of activities for members and facilities for meals, bathing, hairdressing, chiropody etc.

Workshops - This is where industrial therapy and contract work is undertaken, aimed at preparing those who are suitable for placement in open or sheltered employment in the community.

Health Promotion and Disease Prevention

Immunisation Uptake Rates

These refer to children who have completed a primary course of immunisation (normally three doses) before their second birthday. The location where the immunisation was carried out is irrelevant as it is the residency of the child being immunised which is recorded.

Vaccinations (BCG)

This includes vaccinations given to persons in high risk groups and those given to contacts of known TB cases, as well as vaccinations given after the administration of a skin test.

Definition of Terms Used

Source: The data contained in this publication, unless otherwise stated, have been compiled from the quarterly/annual Korner Aggregate Returns (KARs) which were introduced from 1 April 1988 and the Children Order (NI) 1995 returns which were effective from 4 November 1996. The data relate to activity occurring in the fields of community health and personal social services. The cut-off point for amendments to tables was 30th September 2006 and any amendments notified by Providers after this date will not have been included.

Programmes of Care (POCs): In line with the publications policy of Community Information Branch (CIB), this bulletin has been structured on a POC basis. This should facilitate analysis by individuals with an interest in specific POCs. However, an overall NI summary section has also been included for those requiring an overall view of activity.

A number of tables in the 'NI Summary' section are not replicated for individual POC sections, either because the activity contained in the table is not relevant to a particular POC or because it is not possible for the table to be broken down to individual POC level. Conversely, in some cases tables are presented for individual POCs which are relevant only within those POCs.

A number of tables have been broken down by age group and a 'Not Known' category may have been included on such tables. However, as age can be a determining factor when apportioning activity to individual POCs, it has been necessary to apportion activity where the age is not known to the POC that accounts for the greatest proportion of that activity.

Healthcare Providers: This bulletin presents data broken down by Providers where that particular Provider had a community service (see Appendix 1 for a complete list of Providers which had a community service in 2005/2006). It is important to note that in a minority of cases the service may have taken place in a hospital setting. A small number of analyses have not been broken down by Provider but rather have been disaggregated by Board of Treatment/Residence or are at 'Northern Ireland' level due to the nature of the return on which the analysis is based. When comparing data at Provider level with earlier years it is important to note that due to a reorganisation of facilities within some Providers the comparison may not be on a like with like basis.

Data Quality: Only data deemed to be of sufficient quality have been published in this bulletin. A number of other specific activity areas (e.g. Allied Health Professions) have been omitted due to the incomplete nature and/or poor data quality of the relevant central returns. In consequence, there is no specific section included in relation to community activity in POC 2 (Maternity and Child Health). These problem areas are being considered in an ongoing review of data quality within Community Information Branch.

Data Availability/Format: A number of the tables contained in the bulletin are also available on a quarterly basis. In addition, data can be supplied in spreadsheet format (Microsoft Excel) in order to aid secondary analysis.

[These tables are also available at www.dhsspsni.gov.uk/stats&research/pubs.asp](http://www.dhsspsni.gov.uk/stats&research/pubs.asp)

The appropriate contact point for more detailed analyses, or to answer queries in relation to the data, is Kieran Taggart, CIB, DHSSPS, Annexe 2, Castle Buildings, Stormont Estate, Belfast BT4 3SQ (Tel 028 90522493).
