

**HEALTH ESTATES**

creating healing environments

<b>PROJECT TITLE</b>	Appointment of quantity surveying practices to provide cost analyses associated with Health Estates' Cost Database
<b>Applications are invited on behalf of quantity surveying practices who wish to be considered for the appointment</b>	
<b>Application Response</b>	Practices are invited to request the information document and return the requested information to Health Estates before noon on Friday 30 January 2009. Submissions should be forwarded to Damien Craig, Health Estates, address below.
<b>Location of Works/Services</b>	N/A
<b>Description of Works/Services</b>	Health Estates proposes to engage up to four quantity surveying practices to assist in the update and expansion of its Cost Database. This will entail submission of elemental cost analyses in a standard format for a number of publicly funded and privately financed healthcare projects which have been completed in the UK and Ireland within the last three years.
<b>Value of Fees</b>	N/A
<b>Contract Period</b>	N/A
