Dear Colleagues

Technology Appraisal No 173 - Hepatitis B – Tenofovir Disoproxil Fumarate

Tenofovir disoproxil fumarate, within its marketing authorisation, is recommended as an option for the treatment of people with chronic HBeAg-positive or HBeAg-negative hepatitis B in whom antiviral treatment is indicated. It is an antiviral medicine that reduces the amount of hepatitis B in the body.

This guidance does not apply to people with chronic hepatitis B who also have hepatitis C, hepatitis D or HIV.

Treatment for viral hepatitis should be initiated by a specialist.

DHSSPS advises that this guidance is valid for Northern Ireland and endorses it for implementation in HSC.

The full NICE technology appraisal guideline is available for download at:
<http://guidance.nice.org.uk/TA173>

The HSC sector also should note that;

1. The Department expects HSC organisations to put plans in place within 3 months of the date of issue of this E Mail alert, to facilitate the implementation of this guidance.
2. This advice does not override or replace the individual responsibility of health professionals to make appropriate decisions in the circumstances of their individual patients, in consultation with the patient and/or guardian or carer. This would, for example, include situations where individual patients have other conditions or complications that need to be taken into account in determining whether the NICE guidance is fully appropriate in their case.
3. NICE has developed tools to help organisations implement this guidance. These are available at <http://guidance.nice.org.uk/TA173> and include costing tools, implementation advice and audit criteria to monitor local practice.
4. NICE has developed related guidance and this can be accessed at:

Published post link to NICE from 1 July 2006:

Telbivudine for the treatment of chronic hepatitis B. NICE technology appraisal guidance 154 (2008). Available from www.nice.org.uk/TA154

Entecavir for the treatment of chronic hepatitis B. NICE technology appraisal guidance 153 (2008). Available from www.nice.org.uk/TA153

Published pre 1 July 2006:

Adefovir dipivoxil and peginterferon alfa-2a for the treatment of chronic hepatitis B. NICE technology appraisal guidance 96 (2006). Available from www.nice.org.uk/TA96

All NICE guidance endorsed by the Department to date can be accessed on the DHSSPS website at: <http://www.dhsspsni.gov.uk/sqsd-guidance-nice-guidance>

Circular HSS (PPMD) (NICE) 01/06 issued on 30 June 2006 provides further information on the Northern Ireland process for reviewing NICE guidance and further details on the local status of the Institute's guidance. This circular can be accessed at:
