Data Source: Payment Calculation and Analysis System (PCAS) as at 31 March 2008, taking account of locally resolved adjustments up to 30 June 2008.
Register size and raw prevalence figures are as at 14 February 2008.

^A As this is a new register introduced in 2006/07, the size of the register and therefore the raw prevalence per 1,000 patient figures should be treated with caution until such times as the register can be established and validated.

¹ For full details of which patients were to be included in each register, refer to Annex E of the Statement of Financial Entitlement 2006 (see QOF Links page).

² For QOF payment purposes, the register is always expressed out of the full patient list of practices, even though this may not reflect the target group of the indicator.
