

QUESTIONNAIRE

Q1. *Article 2 (a) and (b)* of the draft Order defines “smoking” as covering all lit tobacco or any other lit substance in a form which could be smoked, for example, herbal cigarettes. This is to avoid enforcement difficulties in cases where smokers claim their cigarettes do not contain tobacco.

Do you agree with the definition of smoking as set out in the draft Order?

Yes

No

If you wish to comment, please do so here.

Q2. *Article 3* of the draft Order defines “smoke-free premises”.

Do you agree with the definition of smoke-free premises as set out in the draft Order?

Yes

No

If you wish to comment, please do so here.

Q3. Article 4 of the draft Order provides for the Department to make regulations to specify premises or parts of premises not to be smoke-free. In accordance with the Minister's announcement, the intention is that these exemptions will be limited and Article 4(3) specifically precludes exemptions in respect of licensed premises. **The regulations will be the subject of a separate consultation later in the year.** However, the Department is taking this opportunity to seek views. There are premises which act as a person's home, either on a permanent or temporary basis, but which are also another person's workplace, for example, residential accommodation, hotel bedrooms, prisons and psychiatric facilities. Different approaches to this issue have been adopted by other jurisdictions. In the Republic of Ireland psychiatric hospitals are exempt. In Scotland designated rooms in psychiatric hospitals are exempt while in New York it is necessary to apply for a waiver.

Set out below are examples of premises that serve as a person's home, either on a temporary or permanent basis.

Do you think that hotel bedrooms, designated rooms, or areas within the following premises should be exempt?

Hotel Bedrooms	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Don't know <input type="checkbox"/>
Care Homes	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	Don't know <input type="checkbox"/>
Psychiatric Units	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	Don't know <input type="checkbox"/>
Prisons	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	Don't Know <input type="checkbox"/>

Do you wish to suggest any other exemptions? If yes, please specify below.

IF EXEMPTIONS ARE ALLOWED - SMOKERS SHOULD BE RESTRICTED TO SPECIFIC AREAS TO REDUCE RISKS TO NON-SMOKERS

Q4. Articles 7, 8, 9 and 12 of the draft Order sets out the following four offences and penalties:

- (i) a person failing to display the prescribed no-smoking signs in smoke-free premises commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000);
- (ii) a person who knowingly smokes in smoke-free premises commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000);
- (iii) a person who controls or is concerned in the management of smoke-free premises and fails to prevent a person smoking in a smoke-free place commits an offence and is liable on summary conviction to a fine not exceeding level 4 on the standard scale (£2,500); and
- (iv) a person who intentionally obstructs an authorised officer of a district council acting in exercise of his duties under the Order commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000).

Do you agree with the offences and level of penalties set out in the draft Order?

Yes

No

If you wish to comment, please do so here.

Q5. Article 10 of the draft Order provides for an authorised officer of a district council to issue a fixed penalty notice where he believes an offence has been committed under Articles 7, 8 or 9. Schedule 1 makes further provision about fixed penalties. The levels of fixed penalties will be specified in regulations which will be the subject of consultation this year.

Do you agree with the fixed penalty notice procedures as set out in the draft Order?

Yes No Don't know

If you wish to comment, please do so here.

A SYSTEM OF FIXED PENALTIES SHOULD NOT APPLY AS THIS COULD POTENTIALLY ENCOURAGE RISK TAKING BEHAVIOUR. THE ROUTE OF APPLICATION OF PENALTY SHOULD BE PROSECUTION THROUGH THE COURTS. IN R.O.I. THE ZERO TOLERANCE APPROACH HAS WORKED WITH ONLY 36 PROSECUTIONS TO DATE

Q6. Tobacco control measures are currently enforced by Environmental Health Officers of district councils.

Do you agree that smoke-free legislation should also be enforced by district councils?

Yes No Don't know

If not, please state your reasons below.

Q7. At present *Articles 3 and 4* of the Health & Personal Social Services (Northern Ireland) Order 1978 make it an offence to sell tobacco products to young people under 16. In the Republic of Ireland, the Health (Miscellaneous Provisions) Act 2001 increased the age limit from 16 to 18 and in Scotland the Smoking, Health & Social Care (Scotland) Act 2005 provides the power to raise the age limit there. The draft Order provides the power (*Article 14*) for the Department to raise the age limit from 16. Any proposal to raise the age limit would be the subject of further consultation.

Do you agree that the Department should take this power?

Yes

No

Don't know

If you wish to comment, please do so here.

WE WOULD ENCOURAGE THE DHSSPS TO
RAISE THE AGE TO 18 . WHICH WOULD
ENSURE A CONSISTENT MESSAGE ON SALES
OF ALCOHOL , SOLVENTS + TOBACCO .
