**Dear Heather**

Please find enclosed the completed questionnaire re: The Draft Smoking (Northern Ireland) Order 2006.

Congress is happy to support the broad drift of the Draft Order.

May I take this opportunity to reinforce our view that there should be a total smoking ban in all workplaces and public places.

Yours sincerely

**Tom Gillen**  
**Deputy Assistant General Secretary**

Enc.

# QUESTIONNAIRE

**Q1.** Article 2 (a) and (b) of the draft Order defines "smoking" as covering all lit tobacco or any other lit substance in a form which could be smoked, for example, herbal cigarettes. This is to avoid enforcement difficulties in cases where smokers claim their cigarettes do not contain tobacco.

**Do you agree with the definition of smoking as set out in the draft Order?**

Yes

No

**If you wish to comment, please do so here.**

**Q2.** Article 3 of the draft Order defines "smoke-free premises".

**Do you agree with the definition of smoke-free premises as set out in the draft Order?**

Yes

No

**If you wish to comment, please do so here.**

Premises open to the public  
or used as a place of work  
should be smoke free at all  
times

**Q3.** Article 4 of the draft Order provides for the Department to make regulations to specify premises or parts of premises not to be smoke-free. In accordance with the Minister's announcement, the intention is that these exemptions will be limited and Article 4(3) specifically precludes exemptions in respect of licensed premises. **The regulations will be the subject of a separate consultation later in the year.** However, the Department is taking this opportunity to seek views. There are premises which act as a person's home, either on a permanent or temporary basis, but which are also another person's workplace, for example, residential accommodation, hotel bedrooms, prisons and psychiatric facilities. Different approaches to this issue have been adopted by other jurisdictions. In the Republic of Ireland psychiatric hospitals are exempt. In Scotland designated rooms in psychiatric hospitals are exempt while in New York it is necessary to apply for a waiver.

Set out below are examples of premises that serve as a person's home, either on a temporary or permanent basis.

**Do you think that hotel bedrooms, designated rooms, or areas within the following premises should be exempt?**

*Pl. Please ignore this bit*

Hotel Bedrooms	Yes	<input checked="" type="checkbox"/>	No	<input checked="" type="checkbox"/>	Don't know	<input type="checkbox"/>
Care Homes	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>	Don't know	<input type="checkbox"/>
Psychiatric Units	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>	Don't know	<input type="checkbox"/>
Prisons	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>	Don't Know	<input type="checkbox"/>

**Do you wish to suggest any other exemptions? If yes, please specify below.**

*Hotels should provide rooms that prohibit smoking at any time. All public areas in hotels should be totally non-smoking*

**Q4.** Articles 7, 8, 9 and 12 of the draft Order sets out the following four offences and penalties:

- (i) a person failing to display the prescribed no-smoking signs in smoke-free premises commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000);
- (ii) a person who knowingly smokes in smoke-free premises commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000);
- (iii) a person who controls or is concerned in the management of smoke-free premises and fails to prevent a person smoking in a smoke-free place commits an offence and is liable on summary conviction to a fine not exceeding level 4 on the standard scale (£2,500); and
- (iv) a person who intentionally obstructs an authorised officer of a district council acting in exercise of his duties under the Order commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale (£1,000).

**Do you agree with the offences and level of penalties set out in the draft Order?**

Yes

No

**If you wish to comment, please do so here.**

**Q5.** *Article 10* of the draft Order provides for an authorised officer of a district council to issue a fixed penalty notice where he believes an offence has been committed under Articles 7, 8 or 9. Schedule 1 makes further provision about fixed penalties. The levels of fixed penalties will be specified in regulations which will be the subject of consultation this year.

**Do you agree with the fixed penalty notice procedures as set out in the draft Order?**

Yes  No  Don't know

**If you wish to comment, please do so here.**

**Q6.** Tobacco control measures are currently enforced by Environmental Health Officers of district councils.

**Do you agree that smoke-free legislation should also be enforced by district councils?**

Yes  No  Don't know

**If not, please state your reasons below.**

**Q7.** At present *Articles 3 and 4* of the Health & Personal Social Services (Northern Ireland) Order 1978 make it an offence to sell tobacco products to young people under 16. In the Republic of Ireland, the Health (Miscellaneous Provisions) Act 2001 increased the age limit from 16 to 18 and in Scotland the Smoking, Health & Social Care (Scotland) Act 2005 provides the power to raise the age limit there. The draft Order provides the power (*Article 14*) for the Department to raise the age limit from 16. Any proposal to raise the age limit would be the subject of further consultation.

**Do you agree that the Department should take this power?**

Yes

No

Don't know

**If you wish to comment, please do so here.**

## **INTEGRATED IMPACT ASSESSMENT OVERVIEW**

### **General**

**Q8. Do you have any views on the conclusions reached by the Department to screen out from further assessment the implications of the draft Order in respect of:**

- (a) Social Impact Assessment (New TSN, Homelessness etc);**
- (b) Rural (see Q21 –Q23);**
- (c) Environmental;**
- (d) Human Rights;**
- (e) Victims;**
- (f) Community Safety & Other Areas?**

**Is there any other evidence which you consider should have been taken into account in these assessments?**

## Equality

Comments are welcome on any aspect of the draft equality conclusions contained in Annex 2 of the Integrated Impact Assessment Overview (IIA). The Department would particularly welcome comments on the following:

**Q9. Do you agree with the decision that the draft Order does not require a full equality assessment? (see Annex 1 and Annex 2 of the IIA Overview). If not, please explain why?**

Yes

**Q10. Is there any other qualitative or quantitative information which you consider should have been taken into account in performing this exercise?**

No

**Q11. Are you aware of any evidence – qualitative or quantitative that the draft Order may have an adverse impact on equality of opportunity or on good relations? If so, please provide details. Can you suggest any ways of avoiding or minimising such adverse impact?**

**Q12. Are you aware of any other equality implications likely to arise from the draft Order?**

## Partial Regulatory Impact Assessment (RIA)

(see Annex 3 of IIA Overview)

### Health

**Q13. Do you have any views on the assessment of health impacts?**

Congress is content that the IIA  
has been conducted in a satisfactory  
manner.

**Q14. Are there any other potential health impacts that you consider should have been addressed?**

**Q15. Is there any other material evidence which you consider should have been taken into account in this assessment of health impacts?**

## **Economic**

**Q16. Do you have any general comments on the overall approach that was taken in completing the RIA?**

Congress is content that the overall approach to economic considerations has taken full account of the major considerations necessary.

**Q17. Do you consider that there are other issues which need to be taken into account in the assessment of the impact on business?**

Again we are content that due consideration has been given to the possible impact of a total ban on smoking and are content with the process used.

**Q18. Do you agree with the analysis of the sectors and business/organisations which might be particularly affected by the introduction of this policy?**

It may be true that there will be some job losses across the Hospitality Sector in the short term. There is no way of ensuring that some employers may use a total ban to reduce staff numbers. In the longer term Congress can see benefits and job creation in the sector due to increased customers and tourists.

**Q19. What are your views on the identification and assessment of the costs and benefits?**

Congress is not in a position to comment ~~of~~ on the figures quoted in paragraphs 66 - 68 but we are satisfied that in overall terms business and employees will benefit

**Public Expenditure and Public Service**

**Q20. Do you agree with the Department's view that a separate Economic Appraisal is not required?**

Congress agrees with this view

**Rural Proofing**

**Q21. Do you agree that the draft Order will not have a disproportionate adverse impact on rural business?**

Again we agree with this view.

**Q22. Are there any rural impacts that you consider should have been addressed?**

No opinion

**Q23. Is there any other material evidence which you consider should have been taken into account in this assessment of rural impacts?**

As above.

## Additional Comments

**Q24. Do you have any other comments or suggestions on the draft Order and/or the Integrated Impact Assessment Overview?**

Congress believes that the draft Order should be as strong as possible. Exemptions should be kept to an absolute minimum.

**Thank you for taking time to complete this Questionnaire.**
